

Recommended formatting for posters for WPNC

Please find here some additional information on the preparation of the posters for the WPNC:

- The reserved area for your poster is of height 120 cm and of width 98 cm. Please make sure that you do not exceed this space.
- Orientation should be vertical.
- You do not have the possibility to print your poster at the workshop.
- Pushpins to fix the poster will be provided. However, if you need any additional material to fix or stick together your poster, please bring them with you.
- Please make sure that your poster is readable from a distance of at least 1 m.
- At the top of your poster, please write the poster title, the name and affiliation of the author(s) in a size that can be easily read from a farer distance.
- Please make sure that your poster is completely installed and presentable from 10:30 on. This gives the conference participants the possibility to already have a look at the posters during coffee break and lunch.
- For the poster teaser (short presentation of the posters at the end of the morning session) please send an introductory slide about your poster to us until March 9, 2010.

For any more questions, please do not hesitate to contact the workshop committee under info@wpnc.net.
